

Track Rules and Regulations

Kissena Velodrome follows the rules of racing as outlined by USA Cycling and its rulebook. It is the riders responsibility to know the current rules of track racing when participating at events.

All riders must have signed a release form before warming up and participating in a Kissena Velodrome event. Please read and fill out forms correctly. Insurance is costly and a must to run a program safely and assure it will continue.

Approved USA Cycling helmets must be worn at all times while at the velodrome, except when fixed to a stationary trainer.

Respect is to be shown to all volunteers, officials, spectators and promoters at all times. People spent a lot of time, money and effort to bring quality racing to this track. Please be polite. Violators will be warned, and if behavior continues will be asked to leave the track and no longer participate in any events at Kissena Velodrome.

#'s are to be worn on the left - sideways so it can be read in a pack by official - If given two #'s place the other on the right side. For time trial's use one # between hips center of back.

There is to be no crossing of the track at anytime while a race is in progress.

It is the riders responsibility to be attentive to the event schedule and be ready when your field is called to the rail. Race promoters, officials, and volunteers are not responsible if a rider missed the start of their race, and no allotment will be made to put a tardy rider into an event after it has started (this includes any neutral rollout before the opening whistle)

Handlers are allowed in the center of the track but must never set foot on the track while racing is in progress. Unruly behavior or not obeying commands of the promoter and/or Chief Referee will result in expulsion from the track.

During training or racing the gate must be attended or locked. If any trouble arises from park users climbing the fence or disrupting the riders use of the facility Park Enforcement – 1-718-699-4289 or 109th Precinct 1-718-321-2254 should be called immediately.

Please be respectful of the track and pick up after yourself before leaving. Remember we run this track with volunteers - no one gets paid and the costs are sizeable. Abide by the rules and have fun. If you don't know ask.
